scene who
was walking
around
screaming
obviously
intoxicated, she
kept screaming
she was going
to jail even
though she
did nothing
wrong. Out of
no where she
suddenly
started
screaming her
eyes were
burning that
she needed
milk, she was
trying to run
to her home,
for the
protection of
myself and my
partner and
LEO on scene
I did not let
her do that. I
told her we
would wash her
eyes out and
wash her face
off, the patient
was panicking
throwing
herself around
on the car
running around
throwing her
hands around,

once I got her to calm down and looked at her face it was covered in blood. We explained to the patient we were going to wash the patient's face and eyes with saline. She stated she understood and said "ok thank you " she seemed calm and thankful about it . Right after starting to wash her face off the patient proceeded to spit the bloody saline all in my face, it went directly into both my eyes and mouth, this was witnessed by Officer Meyers. I immediately removed myself from the situation wiped my face with a purple wipe,

WC FL1 0211021 25- 26/100	On Friday, May 1st, 2026, while on the perimeter near US-129 and Oak Ave at Bell High School, due to a possible armed individual. I stood next to Special Agent Mark Sutterfield when his rifle unexpectedly discharged into the paved road. I couldn't see whether the safety was engaged or what caused the firearm to fire. After the shot, I felt something hit my left forearm, which appeared to be a fragment of the bullet. It caused only a small pinpoint hole and no significant injury..
